

SentriLock Continues to Deliver Value Solutions to Real Estate Associations

Over 22 Contracts Signed with SentriLock so far in 2011

Cincinnati, OH ([PRWEB](#)) June 21, 2011 -- SentriLock, the number-one rated provider of electronic lockbox systems to the real estate industry, continues to deliver the value real estate associations are looking for in today's market.

“SentriLock is excited to welcome our new customers signed so far in 2011; we are equally as happy to continue our relationships with customers that have renewed and extended their current agreements. SentriLock is committed to remain the number one provider of electronic lockbox systems and ensure we continue to deliver exceptional customer service to all of our customers now, and into the future,” comments Scott Richardson, general manager.

SentriLock prides itself on great service and that didn't go unnoticed by the Harlingen Board of REALTORS®. Shane Allen, association executive for HBR, said, “The Harlingen Board of REALTORS® was extremely pleased with both the professionalism and support by the SentriLock representatives both before and after our transition. From the Association Management side, I would say that I have never experienced such a smooth transition before. We were up and running full speed before we ever issued out a single lockbox. And in the last month we have experienced fewer phone calls about the new system than we had to manage with the old system. The SentriLock support line is amazing!”

- DeKalb Area Association of REALTORS®
- Eagle Pass Board of REALTORS®
