

# Open a Lockbox Key Compartment Using the SentryKey Real Estate Mobile App (Non-BLE)

---

These instructions can be carried out on a non-BLE<sup>1</sup> lockbox only.

1. Launch the app on your device.
2. In the app, tap **View Nearby Properties**.
3. The **Property List** will be displayed. Tap the desired property. If the lockbox is not currently assigned to a property, you'll be prompted to enter the lockbox serial number.
4. Enter your PIN and tap **OK**, or use Touch ID / Face ID.
5. You'll be given a code. Enter this code on the lockbox keypad and the lockbox will open.
6. In the app on the **Listing Detail** screen, tap **Done**.
