

MOBILE ACCESS MADE EASY

Manage your lockboxes directly from your SentiKey™ Real Estate Mobile App!

Benefits

Open Lockboxes

Use your mobile device or tablet to open lockboxes. Simple and effective access in the palm of your hand.

Touch ID / Facial Recognition

Use Touch ID or facial recognition instead of your PIN to quickly and easily access your most-used functions.

Release Shackle

Easily release your lockbox shackle. Assign or unassign your lockbox to / from a listing.

Grant Temporary Access

Use your mobile app to generate One Day Codes or grant SentiConnect® access. This provides secure, trackable access to out-of-area agents, contractors, and more.

Receive Instant Notifications

Receive instant notifications via the Message Center to learn about missing keys, the beginning of a showing, the end of a showing, and more.

Secure and Trackable Access

The SentiKey Real Estate app provides reporting capabilities.

Additional Features

These include Agent Safety, Property Data Integration, and your Digital Member ID.
