1. From SKRE Home Screen > Select **View Nearby Properties**
2. A message will pop up indicating that this feature is not available when offline. (If the lockbox uses Bluetooth, go to the home screen then press ENT on the lockbox.) If non-BLE, continue to step 3.
3. Select **Get Code**
4. Enter the **Lockbox Serial Number**
5. Select **Get Code**
6. Use Biometrics or PIN
7. Your **Access Code** will display
