

# SentriGuard® Lockbox

The most reliable, easiest-to-use, and smartest electronic lockbox **ON THE PLANET.**

## LONGEST BATTERY LIFE

**THE SENTRIGUARD® LOCKBOX BATTERY** uses the latest in advanced battery technology, consuming significantly less power during operation, extending usable battery life to up to 10 years.

## IMPROVED PHYSICAL SECURITY AND DURABILITY

**ENGINEERED WITH A HIGH-STRENGTH**, corrosion-resistant steel vault and bolt cutter-resistant shackle, the lockbox is built to last. Independently tested and approved attack rating.

## INDUSTRY-BEST ACCESS CONTROL

**FLEXCODES® PROVIDE** easy, secure, and convenient access for every situation and enable specific time-bound windows of controlled access.

## EXTRA-LARGE KEY BIN

**THE LARGE DROP-DOWN** key bin stores larger keys, is pry-resistant, and opens fast to keep you on the move.

## FASTEST PROPERTY ACCESS: TOUCH-N-SHOW®

**INCLUDES** a Near Field Communication (NFC) reader that enables you to open the lockbox with the tap of an NFC-enabled phone in less than two seconds.
